CA203: Ten Reasons to Believe in the Existence of God

An Our Daily Bread Ministries *Day of Discovery* Study

Course Description

For centuries, thoughtful people have questioned the existence of God. They have proposed that the belief in a higher power was invented by people who needed a sense of protection and spiritual meaning. Yet despite this and other challenges, there are convincing evidences that support a credible belief in the God of the Bible. This course will examine the limits of science, the argument for intelligent design in nature, the claims of Christ, and much more in an investigation of *Ten Reasons to Believe in the Existence of God*.

Course Objectives

- To introduce students to the basic fundamentals of the Christian faith
- To provide scholarly and historical evidence for the validity of Christianity
- To encourage logical thinking in evaluating the authenticity of the teachings of Jesus and of the Bible

Course Methods

Throughout this course, a number of methods will be used to engage the students in learning and processing information, interacting with other students (when possible), and applying the learning to their lives. These methods include the following:

Media/Materials

The course will include media presentations of lectures and supplementary materials to be viewed and/or read throughout the lessons of the course.

- **Video-based teaching**
If you do not have the bandwidth required to view the video, we provide the option of listening to the lesson or reading the lesson from a transcript.
- **Multisensory learning**
For students who wish to use a medium other than video, we provide the option of reading the lesson from a transcript of the teaching video (found in the Class Time section). Students can choose the medium (or combination of media) that most closely aligns with their individual learning styles.
- **Readings and other media**
Students should have a copy of the Bible available in order to read the sections of the Bible assigned in each lesson. In addition, Scripture passages are linked to online Bible tools for convenience. These online resources also provide an opportunity for students for whom English is a second language to read the Bible passages in one of numerous international translations available.

For all other required reading assignments, CUGN provides the texts for this course in a downloadable Adobe® PDF format.
