Students found guilty of any form of academic dishonesty face consequences ranging from interaction with the Academic Dean to expulsion from CUGN.

Plagiarism: If a student’s work is found to be plagiarized, consequences will vary depending on the nature of the plagiarism.

More serious plagiarism offenses could result in automatic course failure, disciplinary action, or expulsion from CUGN. Course Methods

Throughout this course, a number of methods will be used to engage the students in learning and processing information, interacting with other students (when possible), and applying the learning to their lives. These methods include the following:

Media/Materials

The course will include media presentations of lectures and supplementary materials to be viewed and/or read throughout the lessons of the course.

- **Video-based teaching**
If you do not have the bandwidth required to view the video, we provide the option of listening to the lesson or reading the lesson from a transcript.
- **Multisensory learning**
For students who wish to use a medium other than video, we provide the option of reading the lesson from a transcript of the teaching video (found in the Class Time activity). Students can choose the medium (or combination of media) that most closely aligns with their individual learning styles.
- **Readings and other media**
Students should have a copy of the Bible available in order to read the complete books of the Bible assigned in each lesson. In addition, Scripture passages are linked to online Bible tools for convenience. These online resources also provide an opportunity for students for whom English is a second language to read the Bible passages in one of numerous international translations available.

For all other required reading assignments, CUGN provides the texts for this course in a downloadable Adobe® PDF format.

Interaction

Whether sitting in a traditional classroom or studying from a distance, students benefit from interaction and collaboration with other students. In order to meet this need in distance theological education, CUGN offers structures and resources to encourage effective community interaction in this course.

Response Time

This forum fosters peer-to-peer interaction in a global, threaded discussion. Students are required to respond to relevant questions posted by the instructors; students are also encouraged to read and respond to the posts of fellow students.

Reflection

Through journaling and the use of interactive exercises, CUGN provides many opportunities for students to reflect on what they have learned, what they believe, and where they are challenged. The goal of these reflections is personal spiritual growth and transformation.

Blog

Many of the assignments ask students to record their thoughts in a course blog. Blog entries can be viewed only by the student and by the site administrator, and are not graded.
